

Sierra Golf

Balsicas

In our opinion this is one of the best golf investment opportunities on the Costa Calida

Sierra Golf is only 15 mins from the wonderful Mar Menor and San Javier/Murcia airport and 15 mins from the centre of Murcia City, a small yet vibrant city.

Sierra Golf is situated in an area that will soon rival the Costa del Sol for five star quality golf resorts. Close by are the Polaris World sites, 3 Molinos, Mosa Trajectum etc. The overriding difference between Sierra Golf and these rival sites are the amazing prices on offer

For example we have 2 bedroom corner properties, complete with private garden from only €130,000 or large 2 bed detached villas complete with basement room from only €186,000. You could not buy an apartment in one of the above rival sites for the same amount

Important fact:

For location, value and overall potential, Sierra Golf is a clear winner
